PRODUCT INFORMATION

DYNA-Flo 0-0-30 is a highly soluble, low salt index, liquid Potassium fertilizer which can be applied directly to the soil, to the plant tissues (with water) or through the irrigation system. DYNA-Flo 0-0-30 provides rapid uptake and utilization of Potassium during the plant's critical growth stages such as germination and elongation. DYNA-Flo 0-0-30 can be applied throughout the growing season to quickly correct Potassium deficiencies. When applied in the fall, this product will provide adequate potash which is a key element in improving stress tolerance from adverse environmental conditions. Turf normally responds within a few days of application. DYNA-Flo 0-0-30 contains no chloride which can damage turf, soil and corrode equipment.

DIRECTIONS FOR USE

Shake well before each use. DYNA-Flo 0-0-30 may be tank mixed with most liquid fertilizers and pesticides. However, a jar compatibility test should be performed on unknown combinations prior to mixing and application. DYNA-Flo 0-0-30 can be used on warm season, transitional and cool season grasses. It can be used throughout the growing season, and as an additional source of Potassium to supplement a regular fertility program. **Fertigation tanks:** Dilute 30 gallons of Dyna-Flo 0-0-30 in 1000 gallons of water and apply through the irrigation system.

RECOMMENDED RATES

Turf, Greens & Tees: Apply 6-9 ounces per 1000 sq. ft. or 2-3 gallons per acre. Apply in at least 50 gallons of water per acre.

Bentgrass: Apply 3.8 ounces per 1000 sq.ft. in enough water to allow for thorough coverage. This will provide 1/10 lb. of K₂O per 1000 sq.ft. or 4.2 lbs. per acre.

PRECAUTIONS

Avoid getting in eyes, mucous membranes or on skin. Use of side-shielded safety glasses is recommended. Use with adequate ventilation. Keep container capped when not in use. Do not contaminate feed, seed or water supplies. Keep away from children.

FIRST AID

Skin: Remove contaminated clothing. Wash with plenty of clean water and soap. Consult a physician.

Eyes: Rinse with clean water for a minimum of 15 minutes. Seek medical attention.

Internal: Drink 2 glasses of water. **DO NOT INDUCE VOMITING.** Seek medical attention at once.

CONTAINER DISPOSAL

Triple rinse empty containers and offer for recycling or dispose of in accordance with federal, state and local authorities.
