

**SOUTHERN****START, ROOT & BLOOM****10-30-20 WATER SOLUBLE FERTILIZER****MATERIAL SAFETY DATA SHEET**

Page 1 of 2

Manufacturer's Name & AddressSouthern Agricultural Insecticides, Inc.
P.O. Box 218, Palmetto, Fla. 33561Phone: 1-813-722-3285
Chemtrec: 1-800-424-9300**I NOMENCLATURE**

Product Name: 10-3-20 BLOOM SPECIAL SOLUBLE FERTILIZER
Chemical Name: Not applicable (mixture of fertilizer materials)
Chemical Family: mixture of inorganic salts

II INGREDIENTS

Potassium nitrate CAS No.7757-79-1 TLV Not established
Monoammonium phosphate CAS No.7722-76-1 " " "
Mono potassium phosphate CAS No.7778-77-0 " " "

Nuisance dust exposure limits would apply for this mixture. (respirable) TLV 5 mg/M³ (total dust) TLV 15 mg/M³**III PHYSICAL PROPERTIES** (ND=Not determined,NA=Not applicable)

Boiling Point: NA **Bulk density:** approx.50 lb/ft³
Vapor pressure: (mmHg) NA **Percent Volatile:** (by volume) NA
Vapor Density: (air=1) NA **Evaporation Rate:** NA
Solubility In Water: Soluble **Reactivity in Water:** Negligible
Appearance/Odor: Light blue, fine crystalline powder, practically no odor

IV FIRE AND EXPLOSION DATA

Flash Point: NA **Flammable Limits:** NA
Extinguishing Media: Spread out and cool. Use water spray if necessary.
Special Fire Fighting Procedures: Personnel should remain upwind. Firemen should wear self contained breathing apparatus (air-pac) and full protective clothing. Use water spray to cool containers if necessary.
Unusual Fire Explosion Hazards: Under fire conditions, toxic fumes may be evolved. Do not breathe smoke or vapors generated. Keep dust to a minimum. The presence of powerful oxidizing agents will increase intensity of existing fires and the possibility of an explosion exists.

V FIRST AID

First Aid for EYE Exposure: Flush eyes for 15 minutes with plenty of water, lifting upper and lower lids occasionally while flushing. Get medical attention if irritation occurs.
First Aid for SKIN Exposure: Remove contaminated clothing and wash all exposed skin surfaces thoroughly with soap and water. If irritation develops, see a physician.
FIRST Aid if SWALLOWED: If person is conscious give large amount of water. Do not induce vomiting. Get immediate medical attention.
First Aid for INHALATION: Remove to fresh air. If effects occur, consult physician immediately.
SYMPTOMS of OVEREXPOSURE: May irritate eyes, nose, throat and skin.
Ingestion of large quantities can cause nitrate poisoning.

VI REACTIVITY

Stability: Stable under normal use conditions.
Conditions to avoid: Heat and ignition sources.
Materials to Avoid: Oxidizing agents and organic materials, particularly oils, and other flammable or combustible materials.
Hazardous Decomposition Products: Decomposes under fire conditions to release ammonia and oxides of nitrogen, phosphorus, cyanuric acid and biuret.
Hazardous polymerization: Will not occur.

VII SPILL OR LEAK PROTECTION

Steps To Be Taken If Spilled: Sweep up and shovel into secure labeled container for disposal.

Waste Disposal: Residue that can not be used as fertilizer should be disposed of according to local, State, and Federal regulations.

VIII SPECIAL PROTECTION

Respiratory: Type/Conditions: Where adequate ventilation is not available, or where TLV would be exceeded, wear a NIOSH approved dust respirator.

Ventilation: Product is intended for use outdoors. Use local exhaust ventilation to minimize dust exposure.

Gloves: Clean impervious gloves to minimize exposure.

Eye Protection: Safety glasses with side shields or chemical goggles.

Other protective equipment: Clean, freshly laundered, body covering work clothing daily. Washing facility and eyewash station should be available.

IX SPECIAL PRECAUTIONS

Handling Precautions: Avoid personal contact with product. When applied as a spray avoid breathing spray mist. If used in combination with pesticides follow all safety precautions for the pesticides used. Wash thoroughly after use. Do not wear contaminated clothing. Do not damage containers while handling.

Storing Precautions: Do not place leaking or damaged containers into storage. Store in cool, dry, well ventilated area away from ignition sources. Do not store with indicated "Materials to avoid" see section VI. Do not store on oil contaminated floors.

Other Precautions: KEEP OUT OF REACH OF CHILDREN. Do not contaminate any body of water by cleaning equipment or disposal of waste.

This information relates solely to the designated product and is not inclusive for combinations with other materials. This information is given without warranty or representation. Information is based on data we believe to be correct as of the date hereof. This information is furnished solely for your consideration, investigation, and verification. Before using any product READ THE LABEL.
