

Tebuthiuron 80 WG

Herbicide

Formulation

Water soluble granule

Active Ingredient

Tebuthiuron

Equivalent Brand

Spike®

Case Pack / Pallet

6 x 4 lb

1 x 25 lb / 40 bags

Application Rates

See label for specific uses and rates.

Mode of Action

Soil activated and absorbed only through roots. Disrupts photosynthesis, causing defoliation and plant death.

Signal Word

Caution

Water soluble granule herbicide for pre- and post-emergence control of woody plant species, brush and weeds on range and pastureland, including permanent grass pastures, fencerows, and clearings for wildlife habitat. Provides excellent control of sagebrush, creosotebrush, boxwood, kudzu and more.

- ▶ Long-lasting control of a wide range of brush and woody plants
- ▶ Excellent choice for bareground area/utility station weed control
- ▶ Convenient granular formulation easy to mix and handle
- ▶ Non-selective control with long-term results and value

Partial List of Weeds & Vegetation Controlled

Tebuthiuron works from the roots up, killing off tough brush and woody plants, including:

- Big Sagebrush
 - Sand Sage
 - Creosotebush
 - Post Oak
 - Sand Shinnery Oak
 - Running Live Oak
 - Blackjack Oak
 - Blackberry
- See label for complete list
