

## Section 1. Product and Company Identification

Product Name: Millenium

Product Use: Biological Control of Various Ground Dwelling Insects

**Product Code:** MBL/MILLENIUM

**Manufacturer Information:** Becker Underwood, Inc.

Harwood Industrial Estate

Harwood Road, Littlehampton BN17 7AU UK

Information Phone: (515) 232-5907

Emergency Phone: Chemtrec (800) 424-9300

Hazardous Material Information:		
Health	0	
Flammability	0	
Physical Hazard	0	
Personal Protection	A	
<u></u>	-	

# Section 2. Ingredients and Hazards Identification

This product is <u>not</u> considered dangerous and therefore does not require a Material Safety Data Sheet. The information provided is for information only.

Hazardous Components		Occupational Exposure Limits		
Component	CAS Number	OSHA PEL	ACGIH TLV	Weight Percent
Steinernema carpocapsae paste (active)	NA	NA	NA	90%
Inert carrier	NA	NA	NA	10%
***No reportable quantities of hazardous ingredients are present***				
***No reportable quantities of toxic chemical(s) subject to the reporting requirements of Section 313 of SARA Title III				

<sup>\*\*\*</sup>No reportable quantities of toxic chemical(s) subject to the reporting requirements of Section 313 of SARA Title III and of 40 CFR 372 are present\*\*\*

**Emergency Overview:** This product is not considered to be a hazardous substance as defined under OSHA's Hazard Communication standard (29 CFR 1910.1200). It is not classified according to relevant EEC Directives

Primary routes of entry: Eyes, oral

#### **Potential Acute Health Effects:**

Eyes: Short term harmful effects are not expected. However, irritation may develop causing itching and

redness.

Skin: Short term harmful effects are not expected. However, mild skin irritation may develop.

*Inhalation:* This product is in a paste form. Inhalation is not expected.

Ingestion: Not an intended route of exposure. Short term harmful effects are not expected. However, may upset

the gastrointestinal tract.

# Section 3. Composition/Information on Ingredients

The composition of this material is a trade secret. Contains no other components or impurities which will influence the classification with regard to human and environmental risk assessment.

#### **Section 4. First Aid Measures**

**Eye Contact:** Wash out eyes with water.

**Skin Contact:** Wash affected area with of soap and water.

**Inhalation:** Not applicable.

**Ingestion:** May upset the gastrointestinal tract.

# **Section 5. Fire Fighting Measures**

Flammability of

Not a fire or explosion hazard when stored under normal conditions.

**Product:** 

**Fire Fighting Media:** Foam, alcohol foam, CO2, dry chemical, water fog.

**Protective Clothing:** No special procedures required besides standard fire fighting procedures.

#### Section 6. Accidental Release Measures

Clean-Up Vacuum or use wet clean-up techniques. Spilled product in contact with water or moisture may

**Procedures:** expand and can cause surfaces to become slippery. Dispose of collected material according to

federal, state/provincial and local environmental regulations.

Spills: Contain spill using standard cleaning equipment. There are no concerns if accidentally spilled in the

environment, however, susceptible insect population may decrease in areas receiving a high dose.

## Section 7. Handling and Storage

**Handling:** Upon delivery from mail carrier, immediately place nematode trays in a refrigerator. Nematodes

should never be stored at ambient temperatures. Mixed suspensions should be used within 2-4 hours after adding water to nematode trays. Nematode solutions should be constantly agitated to prevent settling. Keep mixed suspensions out of direct sunlight and prevent solutions from heating prior to

application.

**Storage:** Keep containers in a dry refrigerator set at around 5 °C/40 °F. DO NOT FREEZE. Keep out of

sunlight. Keep containers sealed until ready for use. Do not store opened trays, always use the

entire package once opened.

## **Section 8. Exposure Control/Personal Protection**

**Engineering controls:** General mechanical ventilation is not needed for normal use of the product.

**Personal Protection:** 

Eyes: No special equipment is required, however, safety glasses can be worn if necessary.

Body: No special equipment is required

*Hands:* No special equipment is required, however, gloves can be worn if necessary.

Respiratory: No respiratory protection required under normal conditions of use.

## Section 9. Physical and Chemical Properties

Odor	Earthy odor	Vapor Density	NA
Color	Pale brown/tan.	<b>Evaporation Rate</b>	NA
Physical state	Moist paste	Specific Gravity	NA
		$(\mathbf{H}_20=1)$	
pН	NA	Solubility	Water dispersible
Melting/Freezing Point	NA		

## Section 10. Stability and Reactivity

**Chemical Stability:** This material is stable under refrigeration. Use before expiration date. Hazardous Thermal decomposition may yield carbon dioxide and carbon monoxide.

**Decomposition:** 

Will not occur.

Hazardous **Polymerization:** 

**Incompatibility** (Materials to Avoid): Active ingredient is a living organism. Do not expose to heat, excessive cold or sunlight.

It's recommended to mix nematodes with cool, clean water separately from chemicals; however, some chemicals are tank mix compatible. Check compatibility of all tank mixed chemicals and

chemicals that were applied 14 days before or after a nematode application.

# **Section 11. Toxicological Information**

**Chronic Toxicity:** None None **Mutagenic Effects: Teratogenic Effects:** None **Developmental** None

**Toxicity:** 

**Acute Effects on** This product is not considered to be a hazardous substance as defined under OSHA's Hazard

**Humans:** Communication standard (29 CFR 1910.1200). **Sensitization:** Exposure may cause eye or skin irritation.

**Carcinogenic Effects:** This material will not cause cancer in animals or humans.

# **Section 12. Ecological Information**

**Ecotoxicity:** No data available, however the material is not expected to have any deleterious toxic effect.

No data available regarding the environmental fate or biodegradation. **Environmental Fate:** 

# **Section 13. Disposal Considerations**

**EPA Waste Number:** Non-hazardous waste

**Treatment:** Dispose of according to all federal, state/provincial and local environmental regulations.

# **Section 14. Transport Information**

**D.O.T. Classification:** Not regulated **IMO/IMDG** Not regulated

**Classification:** 

IATA Classification: Not regulated

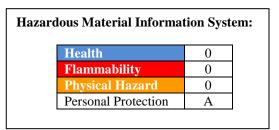

# **Section 15. Regulatory Information**

#### **US Federal Regulations:**

TSCA Toxic Substances Control Act		All ingredients are listed or exempt from the requirement.	
SARA Superfund Amendment and Reauthori.	in ingredients are used of exempt from the requirement.		
EPCRA Emergency Planning & Community Right-to-Know Act			
Section 302 Extremely Hazardous Substances		None of the chemicals in this product are listed.	
	Acute:	No	
	Chronic:	No	
Section 311 and 312 Hazards	Fire:	No	
Pr	Pressure:	No	
	Reactive:	No	
		No reportable quantities of toxic chemical(s) subject to	
Section 313 Toxic Chemical Release Inventory		the reporting requirements of Section 313 of SARA Title	
		III and of 40 CFR 372 are present	
CERCLA Hazardous substances		None of the chemicals in this product have an RQ.	
Clean Air Act		This material does not contain any hazardous air	
		pollutants, nor any Class 1, 2 ozone depletors.	
Clean Water Act		None of the chemicals in this product are listed as	
		Hazardous Substances, Priority or Toxic Pollutants under	
		the CWA.	
California Proposition 65 Carcinogens & R	eproductive	No ingradients in this product are listed	
Toxicity (CRT) List:		No ingredients in this product are listed	
		This product is not considered hazardous under the	
OSHA Regulatory Status:		OSHA Hazard Communication Standard (29CFR	
		1910.1200).	

#### **Section 16. Other Information**

Revision:	2
Effective Date:	March 7, 2011
Supersedes:	February 29, 08
